# Care of students under the age of 18

Students under 18 years of age are classified as minors and must meet immigration requirements for accommodation, support and general welfare arrangements before a student visa is granted.

## Under 18 Management Program

Deakin College's Under-18 Management Program makes sure you have all the support you need until you turn 18.

As part of the program, you will live in a supported accommodation environment and be assigned a Guardian, who is responsible for your care and wellbeing.

## Your accommodation options

As an international student under 18 years of age, you must either:

- reside in Australia with a parent, or a person who has custody of you, or a relative aged at least 21, nominated by either your parent or the person having custody of you, or;
- go into care arrangements – for your accommodation, support and general welfare – i.e. homestay approved by Deakin College.

## Guardianship

If you're living with your relative, they will be appointed your legal guardian. If you're living in a homestay, you will be appointed a guardian from Deakin College or an external guardianship service. We will provide you with a CAAW letter confirming these details, which you will need for your visa application.

Your Guardian will be your main point of contact until you turn 18. They will be in regular contact with both you and your parents. If you need any help or just want someone to talk to, your Guardian is the best person to go to.
